HURRICANE FAST FORWARD PROGRAM

SCHOOL INFORMATION AND GOALS

We are a full-service school offering programs for students who are university, college or workplace-bound. It is an urban high school with a population of approximately 1700 students. We offer a wide range of curricular and extra-curricular programs to meet the diverse needs of our students.

SCHOOL SUPPORT SERVICES AND RESOURCES

We offer students support and resources outside of the classroom through the Guidance Department, the Learning Services Department, the Library, Student Activities Office, Student Success Room, Social Worker, and Child and Youth Workers

PROFILE OF A STUDENT IN THE FAST FORWARD PROGRAM

Fast Forward is a unique diploma granting program (OSSD) focusing on preparing students for direct entry into the workplace. The program is designed to develop students' literacy and numeracy skills in addition to their learning and employability skills necessary to be successful in a work environment. Students' preparation for employment includes a variety of opportunities for work-related learning experiences while in high school.

The Fast Forward Program meets the needs of a student who:

- Has struggled with literacy and numeracy for a significant period of time;
- Is academically 2-4 years out of phase;
- Has had significant accommodations or modifications to their elementary school program;
- Has an Individual Education Plan (IEP).

Students in the Fast Forward program benefit from the opportunity to:

- Earn an Ontario Secondary School Diploma (OSSD)
- Improve their reading, writing and mathematical skills and gain greater confidence as a learner
- Develop their learning skills and employability skills as they prepare for entry into the workplace after high school
- Participate in work-related learning experiences (e.g. Co-op, Career Days, Employment Fair, team-building activities, etc.)
- Earn certificates recognized by local employers (e.g. Safe Food Handling, WHMIS etc.) through co-op

Fast Forward offers students an opportunity to prepare to go directly from high school into the workplace. Students take courses that help them achieve the necessary 30 credits to complete their Ontario Secondary School Diploma (OSSD).
